

STATISTICAL RELEASE

UGANDA BUREAU OF STATISTICS

Construction Sector Indices

May and June 2021

HIGHLIGHTS

Annual Changes:

The average input prices for the Whole Construction Sector (covering material prices, wage rates & equipment hire rates) increased by 3.74% for the year ending June 2021 compared to 3.28% increase for the year ended May 2021.

Fig 1: Annual Price Changes at the Whole Construction Sector Index, October 2020 to June 2021

Monthly Changes

On a month to month basis, prices of inputs into the Whole Construction Sector registered an increase of 0.07% in the month of June 2021 compared to a 0.02% decrease registered for the month of May 2021. This was mainly due to;

- A 0.02% decrease in prices of inputs into the Non Residential Buildings and 0.18 increases in prices of inputs into Residential Buildings respectively.

Fig 2: Monthly Price Changes at the Whole Construction Sector Index, October 2020 to June 2021

The main contributors to the annual increase in input prices of 3.74% were:

- An increase of 3.32% prices of inputs for Non-Residential Buildings for the year ending June 2021.
- An increase of 4.52% prices of inputs for Residential buildings for the year ending June 2021.
- An increase of 3.69% prices of inputs for civil works subsector for the year ending June 2021.

Material Inputs (Basic Headings) - Monthly Changes

Monthly, prices of material inputs and equipment hire in June 2021 showed both increasing and decreasing trends. Those with notable increases were;

- Roofing sheets prices increased by 0.95%
- Lime prices increased by 0.48%
- Diesel prices increased by 0.73%
- Steel bars increased by 0.40%

Imelda Atai Musana (PhD)

For: EXECUTIVE DIRECTOR

Wednesday 04th August, 2021

Notes: 1 This release contains composite input price indices for the construction sector and their "basic heading" Components.

2. To obtain the percentage change in prices between any two periods, divide the index number in the second period by the index number in the first period, subtract 1 and multiply the result by 100.

3. Comments can be addressed to: Mr Peter Opio, Director, Business & Industry Statistics, Uganda Bureau of Statistics on email peter.opio@ubos.org & phone no: 0414 706016 or 0711 706017 (Mob).

The next release date will be communicated

Explanatory Notes on the Statistical Release

The data presented in this Statistical Release are indices designed to show price changes in each period. On page 1 there is a short commentary highlighting the main changes observed.

The graphs on page 1 are derived from Table A "Construction Sector Price Indices" on page 4 of the statistical release. The first graph shows the price changes for the whole sector for each month for a period of 9 months. The second graph shows the monthly average price indices in each month for the whole sector.

The charts on page 6 above show the indices for the latest Six months for each basic heading. The Consumer Price Index (CPI, rescaled) and the quantity of cement for the domestic market are also shown. (Rescaling means multiplying or dividing the original series by a constant factor so as to compare with the current trends in say CPI)

If the bars in the charts are at almost the same level, then they indicate very little (if any) change in prices. An increase in the height of the bars indicates an increase in the prices while a reduction in the height implies a decline in prices.
